

Why use ADELE for your library?

ADELE is...

- Free
- Customisable
- Web-based
- Easy to set up
- Currently available in English, Bulgarian, German, Irish and Italian
- Data secure - it does not collect any personal data

Designed and tested with

Competent in 6 areas

100

public libraries in Europe.

A. Management

B. Infrastructure, Equipment, Support and Resources

C. Continuing Professional Development

D. Self-reflection on digital competences

E. Learning opportunities on digital competences for users

F. Collaboration, Networking, and Community

The ADELE tool can support **users, library staff and managers** in reflecting on the use of digital technologies in the library. It can be used to address the following issues:

- *In what areas is digital technology used effectively and where can the library make **improvements**?*
- *Does the library have a **vision** for how it wants to use digital technology and, if so, do staff and users know what it is?*
- *What kind of **training** do library staff find most beneficial?*

HOW IT WORKS

- 01 Choose a coordinator
- 02 Login and register your library
- 03 Tailor your questions
- 04 Activate your session!
- 05 Access and download results
- 06 Discuss & act (Create your action plan!)
